CONTEMPLATION

Remember that in body thine a God is dwelling there;
Thy Temple from pollution free let it forever be.
Offend thou not thy God in thee, indulging in man's lusts;
Moreover if tormenting self thou groanest foolishly.
God has descended just to see the world with eyes of thine,
Then breathe on Him with senses pure, the Breath of Sacrifice.
It's He in thee, that sees, feels, thinks, and speaks by day and night.
Be thus in all thou dost see, feel, think, speak—divinely bright.

We all admire a man who says what he thinks—as long as he says it about other people.

N. Y. Judge Hammer Should Be Impeached

By C. LEON de ARYAN

Two weeks ago our readers saw in this paper the statement made by Justice Hammer, as it appeared in the New York Law Journal, in connection with denial of a certificate of incorporation for a group of American citizens of German ancestry, on the grounds that the U. S. A. is still at war with Germany. The petition group explained to the learned Justice that too many citizens of German stock were unfamiliar with their rights and duties under our Constitution and should be instructed therein that they may better exercise **their obligations of citizenship to improve our government administration.**

The learned Justice replied with rabbinical double-talk, as is so marvelously featured in Talmudic jurisprudence, also successfully used in Jesuitic sophistry, that German-Americans have equal rights and equal facilities of public education with all other minorities, it therefore would be derogatory to their good reputation to be affiliated with "a group separated and apart from their fellow-Americans". Therefore, as long as our military forces were in physical occupancy of German soil, the learned Justice considered it **more than merely inadvisable** to attempt an organization under the name "Voters Alliance for Americans of German Ancestry, Inc."

ARBITRARY MISUSE OF JUDICIAL DISCRETION

There is nowhere in the statutes of the sovereign state of New York, or its constitution, neither in federal law, a provision which empowers Justice Hammer to discriminate in matters covered by the U. S. Bill of Rights, as expressed in the Articles of Amendments to our Constitution, to deny incorporation to any group on account of race, creed, religion or ancestry. The only provision which he can legally cite is **intent to overthrow our government by force and violence.**

Justice Hammer is either an idiot who cannot read law or else he is biased against Americans of German ancestry who want to stop the present administration from commiting more war crimes in the name of the U. S. A., of which the petitioning group is part and parcel and has the responsibility of direction as sovereign members of our commonwealth. Justice Hammer's ruling was not couched in the language of an idiot, on the contrary, it reveals study and smartness, only on the shady side in place of judicial integrity. He plainly shows bias and prejudice and misuses his authority to deprive a group of citizens of the exercise of their duties, rights and privileges, to prevent misuse of the powers of government in the commission of war crimes against a prostrate and vanquished nation, the German Reich.

Justice Hammer knows quite well that to do what is being done to Germany, the deportation, robbing and raping, of millions of helpless people, is a war crime. That the occupation courts in all vanquished countries are sentencing to death all who so deported minorities and other nationalities. Such courts are thus ruling not only in Europe but in Japan as well.

Mr. Justice Hammer knows quite well that the German people as a whole have been charged with complicity because they did not prevent their government from committing war crimes. Why, then, does this same Mr. Justice Hammer rule that Americans of German ancestry **must not do all in their power as voters to prevent their present administration from committing war crimes** upon the prostrate people of Germany? Is a war crime a crime only when perpetrated by the Japanese and Nazis but becomes a virtue when done by Jews, who dictate thru the Morgenthau Plan, how to destroy a nation?!

Since the rule is being enforced by United States courts in Germany that a governed people is responsible for the acts of its government, **the Voters of German ancestry in New York have accepted this responsibility** enunciated against the German race and are determined to live up to it. Upon what grounds, then, does Justice Hammer deny them their opportunity to put into practice, and set the example, that the people and voters are the final responsible authority who bears the burden of government?

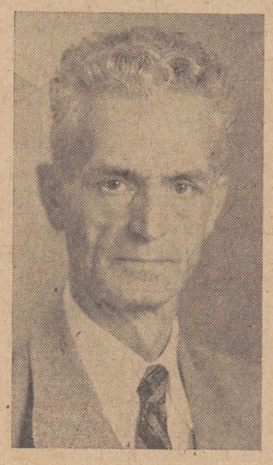
Birthday Season Is Coming

Newcomers to the circle of Broom-readers do not realize on what basis our work is done.



C. Leon de Aryan

Financially it is a money losing enterprise. Since the B'nai B'rith (secret Jewish organization) are boycotting and blacklisting The Broom as a dangerous enemy to their subversive, un-American and more often criminal and blackmailing activities, business people are afraid to advertise. But just the same, our subscription rate of only $3 per year, brings a weekly paper to you for which the true price is $6.50. That means that under normal newspaper conditions $3.50 would be paid for from advertising revenue. I am keeping the subscription rate as a separate item that it may be made plain to all how the B'nai B'rith subvert the U. S. Constitution on the Freedom of the Press. Those Kikes claim to stand for Liberty but in Truth they stand for Jewish dictatorship. We refuse to accept it the way the yellow press does.

My birthday falls on August 18. I'll be sixty. This makes me a LEO child. LEO enters its rule upon the 22nd of July. All who wish us well and want us to succeed have their opportunity of making up the difference between $6.50 and $3 by sending in voluntary donations to Kosti on his 61st birthday.

It will interest you to know that I am conducting 6 court cases at present because fundamental principle is involved. In 2 cases I have engaged a prominent attorney whose fee I have guaranteed. I might have to help pay even on a third court case.

The way I get roped into these cases is that somebody is persecuted who does not know how to conduct a proper defense. Then they called upon me to help. Where true principle was involved I decided to give my assistance and hired the proper attorney to conduct the case.

All this costs money as well as much labor. If you realize the value of such service, you'll gladly share of your surplus as I am sharing my energies for the common weal.

Make your birthday donations without strings attached. I cannot go it alone but am continuing to do quite a bit because everybody who finds out what I am really doing chips in their bit, much or little, until the demand is supplied.

Thanking you for past collaboration and expecting greater success as the work grows harder. Sincerely, C. LEON de ARYAN

Government Should Make No Loans to Foreign Nations, Ever—New Deal is Inveterate Inflationist — Stassen Is a New Dealer, His State Not Representative

By WASHINGTON ADAMS

WASHINGTON, July 13 (Special),—Our Constitution never envisioned our government in the role of banker, and no administration prior to F. D. Roosevelt ever dreamed of lending money or credit to foreign countries.

The Republican party is missing the opportunity of its life by not opposing a loan to Britain AND COMING OUT FOR A CONSTITUTIONAL AMENDMENT FORBIDDING CONGRESS OR THE EXECUTIVE TO MAKE SUCH A LOAN!

Discussions in Congress on the subject of the proposed loan show that our **politicians are unfit to be "bankers."**

If any foreign country wants to float a loan here, let it do the same as our government, go direct to American citizens and offer bonds or notes, subject to proper protective restrictions to be fixed by law.

How can the G. O. P. appear as an opponent of New Deal extragavance, waste and inflation, if it continues to appease foreigners, vicious minority groups and general New Deal mismanagement?

If the G. O. P. Congressmen had stood as an unit, it could have overridden Truman's vetoes of the Case bill and the O. P. A. extension.

* * * *

NEW DEAL INFLATION

In 1940 I worked hard to get the Republican platform committee at Philadelphia to CONDEMN THE NEW DEAL AS AN INFLATIONIST ADMINISTRATION from the day it revalued and EXPROPRIATED OUR PEOPLE'S GOLD MONEY, in violation of the Constitution.

The necessity for such a plank is even clearer today, but the G. O. P. men in Congress are derelict in not calling the Dealer's hands, and day by day putting the onus on them for the inflation that exists today .

President Truman fears a "runaway inflation," and puts the danger on the Congress, whereas it has been his predecessor and himself who are responsible for inflation, and the laws permitting the flood of money now engulfing some of our States were passed years ago by F. D. R.'s rubber stamp congresses.

High prices are in no sense inflation, but only the effect of it, the inflation being the constant unbalanced budgets, wild extravagance in the issuance of bonds and foolish appropriations for all sorts of unnecessary things, such as the unsound loans to foreign countries.

The brilliant editor of "The Cleveland (County) Times" of Shelby, N. C.—Senator Hoey's home town, wrote this truth on the 9th: **"There is no evading the fact that our government is actually at low ebb and has but little of safety and assurance to offer its own people, much less to foreign nations."**

STASSEN OF MINNESOTA

Minnesota is a strange State, its strong Scandinavian population having an unmistakable "leftist" and "internationalist" slant.

Ex-governor Stassen is of that school, and bears to his State a position somewhat similar to the LaFollettes in Wisconsin.

That Stassen's man Thye should have defeated Senator Shipstead in the recent primary is not surprising, and has little national significance.

Stassen is a New Dealer of left-wing socialist sympathies. Some neutral commentators have classified him as even **"left of Truman."** He is pro-Negro, pro-Jew, pro-internationalist; seems indifferent to the old-American way of life, if not actually hostile to it. He has never made a speech, in which he showed any knowledge of Republican party history of affection for its great men and noble record from 1861 to 1932.

Senator Taft is the ablest and most brilliant man in the G. O. P.

GOD'S XMAS GIFT

A boy, taught to pray, go to Sunday school, and believe in God asked mother for $100 for Christmas presents. She said they could not afford to give him so much, but to pray and he might get some money. He decided to write to God and ask for the $100. The P. O. department thought it should not be ignored but mailed the letter to Washington. There somebody thought it should have consideration and mailed a $5 bill. The boy was thrilled and wrote to God to thank Him. This is how he replied: "Thank God, for sending me the money. Please next time don't send it through Washington. The dirty crooks kept 95% of it."

SEND GERMANS TO PRISON FOR HOMES PROTEST

HAMBURG, Germany,— Ten Germans, including three former soldiers, were sentenced to prison by a British military court for taking part in an anti-British demonstration in Hamburg's city hall square on June 27. The prison terms ranged up to five years. The demonstration, in which 4,000 persons participated, protested an order directing 30,000 persons to evacuate their homes to make room for the families of British military personnel.

Judge Brink Amends By-Laws of Christ's Church of the Golden Rule

RULES THAT GOING ON PROJECTS OF CHURCH CONSTITUTES MEMBERSHIP INCLUDING PASSING OF TITLE OF PROPERTIES TO THE CHURCH

LOS ANGELES, July 10, (Special),—Federal Referee in Bankruptcy Court, Judge Benno M. Brink, ruled today in the case of **Trustees of the estate of Christ's Church of the Golden Rule vs. George F. Patrick,** that certain personal property, valued at between $17,000 to $25,000, consisting of plumbing supplies, pipes and machinery, shipped by former plumbing contractor and sheet metal shopkeeper of Monterey, California, Mr. George F. Patrick, to the Hanley Ranch, Jackson County, Oregon, to be used in the construction of a housing project for the Church, became property of the Church regardless of the conditional specifications contained in the instruments of conveyance and the By-Laws of the Church.

The case was called in court today to determine whether the Trustees in bankruptcy had title to this property to sell it and transfer the money thus obtained to satisfy general claims of creditors of the Church, or whether title had not yet passed to the Church, so that the property could not be used for any other purpose than the original intent of becoming a part of a building project for religious education of future ministers of the Church, after Patrick was notified of acceptance to membership.

The action was instituted by the Trustees to quiet title and was defended by Patrick thru his attorney, Howard Crittenden.

The instrument of conveyance was introduced in evidence,, called **"Initiate" Membership form No. 1, Application for Membership . .** It provides conditional transfer of property: "Upon my acceptance to membership, I agree to forthwith transfer and convey to . . . ."

The By-Laws of the Church were also introduced in evidence: **"Section 3 . . . Each person who desires to become a Member of this Church, shall sign an application . . and shall agree thereby to be bound by all of the terms . . as the same are enunciated in the Application for Membership, the By-Laws and the Church Charter.**

"Section 4 . . . each Member shall—within not to exceed ninety (90) days from NOTIFICATION of acceptance to membership—proceed to fulfill the obligations of membership as set forth in the application."

On the witness-stand Arthur L. Bell, as presi-

dent and sole trustee of the Church, stated that formal acceptance depended upon passing of certain tests and that after the examining board was satisfied as to qualifications, acceptance was quite informal in that Bell so notified the new member. That in the case of George F. Patrick such compliance with his examination had not yet taken place and that in the meantime the personal property under dispute was stored in warehouses in trust and not yet used in actual construction, until Patrick would be accepted into membership, when title would pass to the Church.

Referee's Decision in Trustees vs. Patrick

By Benno M. Brink, Referee in Bankruptcy

THE REFEREE: Well, Mr. Crittenden, here is your position. Mr. Patrick signed an initiate membership form, which among other things says: "Upon my acceptance to membership, I agree to forthwith transfer and convey to CHRIST'S CHURCH OF THE GOLDEN RULE by deed, gift, bill of sale, or otherwise, all worldly possessions both real and personal which I may own, hold, control, or over which I may have the power of appointment."

And again—"Recognizing the immutable principle that God provides all things for His children — and that 'unselfed' giving never impoverishes nor does witholding ever enrich—I accept all of the terms and conditions of membership lovingly and gratefully and on behalf of myself, my heirs, administrators, successors or assigns, I hereby declare that any and all rights, title and interest in and to any and all of my real and personal property so conveyed and transferred are forever waived."

Now Mr. Patrick signs this instrument. Without waiting for any notification of acceptance he transfers physically the equipment, or some of the equipment at least, and the supplies of his plumbing business. Places it entirely beyond his own custody—puts it completely and entirely in the controls of CHRIST'S CHURCH OF THE GOLDEN RULE without waiting to be advised that his membership has been accepted, although in his application he says upon my acceptance I will do so, I would transfer so and so. Now, since the date of the transfer of possession of his property he has been living as a member of the Church. He has been working on the project of the Church. He has been supported by the Church. He is undergoing the training prescribed by the Church.

Is he now in a position to say, "I never did transfer my property?"

Mr. CRITTENDEN: If your Honor please, the law is clear, a bailment does not pass title to a party.

THE REFEREE: What is the bailment? For what purpose was the bailment?

MR. CRITTENDEN: The bailment was for the purpose of building a building.

THE REFEREE: The Court finds that that is not true. Wherever there is a reservation of interest or of title or of ownership or a restriction upon the use of property into the possession of some one, that also must clearly appear from the evidence, and it doesn't so appear here.

MR. CRITTENDEN: I understand this, too, that when a party makes an agreement in writing that at a certain time he agrees to give and— the fact that he may entrust that property to the donne in the meantime . . .If I should give an automobile to my son, and I should say, "I will give this automobile to you when you are 21" and he drives the automobile, it still isn't his until he is 21, it is the law and it gives it quite clear that the gift does not arise until the passing of all interest in that property and at some time in the future — and a passing or the passing of the title or the evidence. In this case the fact that a man would take this and lend it pending a certain contingence—that does not pass the title.

THE REFEREE: I don't question that that is the law, but there is no bailment here. There was no conditional transfer here. The creditors are involved here. The Trustees stand in the position of creditors who have levied a claim on this merchandise, and it is against the Trustees.

Mr. Patrick cannot be heard to say that he did not transfer the property. The Church—the Corporation—cannot be heard to say that it did not accept Mr. Patrick into membership. It just can't be done.

MR. CRITTENDEN: I will be glad to present the decisions. I will be glad to show the decisions of the federal courts as to the rights of trustees as against—

THE REFEREE: Mr. Crittenden, if I were to follow your theories of the law in this case, practically this entire estate might be swept out from under the creditors.

MR. CRITTENDEN: Your Honor, we can only view the laws upon the facts that exist, and if the creditors are in that position, I am not going to try to argue one way or the other. I think that the facts—

THE REFEREE: You don't need to present any law.

MR. CRITTENDEN: I may lend your Honor this pencil and I say, "At a time when I believe, or some third party has a belief that you have received certain legal or theological accomplishment, I will give that to you." At no time can you say that you are owner of this, nor may your creditors have any right over this pencil. The specific point is this: Until I give, this agreement to give is not subject to specific points. It is merely a statement of agreement to give at a future time. And until the mind of the donor gives the right . . . And though you might have this pencil and though your Honor might well obtain that knowledge, until that third person takes back that objection against it, you could not say that this passes to your Honor. Now the law in California is that until there is an immediate and present intention of vesting in the donee and parting from the donor all property interest, which is clearly overcome both in the By-Laws which I read in the record, and the gift here at a time in the future, and that is a question of membership, (there is no passing of title).

THE REFEREE: All right. I will settle it. The findings of the Court in this case are that the respondent here, George F. Patrick, signed Initiate Form No. 1, which is in evidence here as Patrick's Exhibit 1. That thereafter he transferred, without condition or restriction or limitation of any kind, the property which is here involved to the bankrupt corporation, and I make that finding in full appreciation of all of the evidence that has been offered here. I do not find that there was any agreement or understanding between the bankrupt corporation and Mr. Patrick that this property which is here involved was to be devoted to any particular or specific use or that Mr. Patrick was to have the property, or any part of it, back if it was not devoted to any particular, specific use. But after this gentleman evidenced his desire to become a member of Christ's Church of the Golden Rule and transferred the property to the bankrupt corporation, it was said to him that the corporation had use for property such as he had to give on a particular project that he had in mind, and that it would be a comfort and satisfaction for him to know that his property would be so used. But that did not involve a commitment on the part of Christ's Church of The Golden Rule to use this property in no other way. That didn't amount to a commitment on the part of the Church to turn the property back again. That would be contrary to the Application Form which has been signed, which said, as I have already read, that "all rights, title, and interest in and to any and all of my real and personal property so conveyed and transferred are forever waived."

The Court further finds that subsequent, or at the time, of the transfer by transition of the property here involved **he was accepted to membership in Christ's Church of The Golden Rule.** Now, that finding is supported by the evidence and no contrary finding could possibly be made **because Mr. Patrick went on projects of the Church and his wife and one of the children. He worked on projects of the Church, was supported by the Church, participated in its activities.** And no one could say that he was not accepted into membership, into the Church. There is no provision that **acceptance to membership in the bankrupt corporation shall be made in any specific form whatsoever**, and Mr. Bell has testified as to those who he says were accepted for membership, that it was done most informally. Here the acceptance to membership was made by the acts and conduct of the officers of the Church—first of all by accepting from this man the property which is here involved. The application says upon acceptance to membership the applicant is to transfer and convey—I am sorry I will hear no argument —his property to the Church. **The Church has no right to accept property from a person who has not been accepted for membership,** and when the Church accepts the property and places that man on projects operated by the Church, **it is forever stopped from saying that the man is not a member of the Church.** There would certainly be nothing more out of keeping with a religious organization to say that a Church after receiving property which was to be accepted only upon acceptance to membership and having put that person on the projects of the Church—that the person is not a member of the Church.

So the finding is that this gentleman is—that this gentleman was accepted into membership. He has never withdrawn his application for membership, and therefore, he is a member of the Church and pursuant to his application for membership he has forever waived all right, title or interest in, or to, any of the property which he transferred and which is here involved.

Counsel for the Trustees will prepare appropriate findings and order and deposit original and one copy with the Referee and one copy to Mr. Crittenden, and I shall hold the papers for five days.

MR. CRITTENDEN: I want to—

THE REFEREE: I am sorry. The case is closed.

Henry George vs. Henry Klein

Dear Mr. de Aryan:

Yours without date received. My answer to you on Single Tax is the same as I wrote about it in 1914 in my first book "Standard Oil or The People", in which I analyzed Communism, Socialism, Single Tax and I. W. W-ism. Single Tax is not a workable tax system. George had a beautiful vision and he wrote a beautiful book, but his program cannot apply in any built up city. The Rockefellers and others of great wealth, finance Single Tax schools and propaganda. George saw concentrated land wealth; he did not see concentrated industrial wealth which is a thousand times greater than land wealth.

Yours, H. H. KLEIN

* * * *

LITTLE MINDS BAFFLED BY BIG PRINCIPLE

Dear Mr. Klein:

Sorry I don't posses at present a copy of your book on the "The Standard Oil or The People" to be better able to place the finger on the specific fallacies therein, since you state that it presents your views on "Henry George". But, nevertheless, you have revealed sufficiently in your letters to enable me to point out that you, in common with so many others, especially Newdeal Jews, though supposedly very smart in the use of mathematics, confound an arithmetical problem with Algebra and attempt to place Algebra on an arithmetic footing.

This is revealed in your statement: "George saw concentrated land wealth; he did not see concentrated industrial wealth which is a thousand times greater than land wealth". Also you stated previously: "George studied the Labafundia of Italy where the few controlled the land."

George studied the problem from the Algebraic basis. You, like all who fail to catch on to the principle involved, are confused by arithmetical increase in the wealth controlled by the land-hogs. FDR used to say that the Constitution applied to the horse and buggy age but that since then industrial progress has changed circumstances, therefore, the principles expressed in the Constitution have become obsolete and should be replaced by Newdeal burocracy and dictatorship.

On one hand you expose the Sanhedrin rule and ruin, on the other hand you succumb to Sanhedrin propaganda fallacies by confounding Algebra with Arithmetic. That's exactly why the Sanhedrin uses you little Jews to do the dirty work. And don't your little minds fall for it!? Anyway, there was a great Jew, Joseph Fels, who saw thru the whole scheme and while he did not attack the Sanhedrin by name, he attacked the method of taxation used by the Sanhedrin to enslave us all. You name the Sanhedrin, but defend its method, recommending futile and arbitrary Mosaic "controls" by setting a time limit on debts. George and Fels proposed to eliminate the need of going into debt and they did devise a perfect and scientific method for it.

The proposition before us is: **"He who controls the land controls also the people living upon HIS land, inclusive of their products".**

As an algebraic proposition, then, it makes no difference whether the wealth of that land is agricultural: as in Labafundias; mineral: as in Standard Oil; or industrial : as in downtown business districts. Control of the land-titles vests the privilege of extracting tribute and making rules by which those on HIS land must abide. Thus the land-hog becomes the titled and privileged exploiter of the people living and working on HIS land.

All you could have demonstrated in your Standard Oil book is the fact that George and Fels are right.

By assessing the full land-service-value as the basis of taxation, **the land-hog must turn over everything to the public treasury which he himself did not produce in the line of wealth.** THIS is Single-Tax as meant in the "Henry George" system of freeing the land for the use of the people.

If you can prove any fallacy therein, go to it, I'll give you all the necessary space to present your case.

Sincerely, C. LEON de ARYAN

P. S.—The "Henry George School" in N. Y. is a communistic perversion of the original principle. It is financed by land-hogs, like Rockefeller. The real school, Beckwith-Otto-Wilcox, presents the true principle of taking the "service-rent" for public revenue.

KLEIN ON SINGLE-TAX

The criticism of Henry George's system of taxation, given on the front page of the July 15 issue of The Broom, by one Henry Klein would be laughable if it were not so tragic. The man has evidently not grasped the first principle of the George philosophy. George emphasises repeatedly the fact that it makes no difference who has title to the land, so long as the people get the economic rent—ALL of it. Industry still must be located in strategic centers where it automatically creates fabuland (29 ft. x 19 ft.) at No. 1 Wall St., N. Y. lous rental values. Witness the little plot of City. It was assessed in 1926 for the land alone at the rate of $32,000,000 an acre, probably double that now. Suppose the city had collected the **rental value** of this site instead of taxes?

Wake up Bro. Klein, you're asleep.

JOHN S. SIEBERT

Oilje John Rogge is a Liar

Dear Mr. de Aryan:

I am herewith enclosing a copy of the letter I wrote U. S. Attorney General Thomas Clark, and also the letter O. John Rogge wrote in reply. I want you to note the deliberate lie by Rogge, in which he says that I have urged the continuation of the UNAMERICAN so-called "sedition" trial.

Such a man as Rogge, who will deliberately LIE like that, is not fit to try any kind of a case.

Why not crown Barney Baruch king and send the Congress home?

Yours very truly, CLARENCE DOLAN

* * * *

Mr. Thomas Clark
Attorney General, Washington, D. C.

Dear Mr. Clark:

Walter Winchell, the most villainous mouthed man on radio, has asked that ALL Americans write you regarding the so-called sedition trial, which suddenly stopped when the Judge was suddenly stricken, which many believe was an act of God, to stop that UNCHRISTIAN and UNAMERICAN procedure.

I am writing you, not to proceed with that disgraceful trial, but to say that if and when such a thing is ever undertaken, it will breed ANTI-SEMITISM in this country more than anything else has ever done. The American Christians are aware of the ANTI-CHRIST forces who are behind this whole movement.

You will have to admit that such an organization as Jehovah's Witnesses are permitted to spread all kinds of hatred against Catholics, and nothing is done to prevent them. But, when anyone dares to speak out against the RED UNCHRISTIAN COMMUNISTIC and ATHEISTIC JEWS, there is a cry goes up that sounds to the high heavens. They cry "persecution", when as a matter of fact, as shown by the FACTS uncovered in that "sedition trial", the RED JEWS are the most cruel and persistent persecutors in the world.

Therefore, if and when it becomes an act of SEDITION to speak out against the UNCONSTITUTIONAL acts of Jews, then please tell me, where has our right of FREE SPEECH gone, and where is our FREEDOM OF RELIGION? Give us the right to speak out against any group within our borders, whether Jew, Italian, German, French, English or any other race, color or creed, when and if they attempt to take from us our CONSTITUTIONAL RIGHTS and FREEDOMS.

I am of the opinion that Walter Winchell should be barred from the use of the radio until such time that the men he so bitterly assails, have the freedom granted to them to answer his smearing attacks over the radio. But right here is proof a plenty as to who controls the air today. Again I say give us FREEDOM of discussion, the right to present both sides of any and all questions of VITAL importance.

Yours for Constitutional Government,

CLARENCE DOLAN

Re: United States v. McWilliams et al., The Sedition Case

Reference is made to your letter of recent date in which you urge that this Department proceed immediately with the prosecution of the above-entitled case.

I can readily understand your feelings that the defendants in this case should be brought to justice. However, certain recent decisions of the United States Supreme Court have made it imperative, if a conviction of these defendants is to be sustained, that additional investigations be conducted.

This work is presently going forward and upon its completion, such action will be taken as is warranted by the facts.

Very truly yours,

The Reporter For The BROOM

By C. LEON de ARYAN

* * * *

(Conclusion from last week)

Since Hooper Mallet had challenged me, I accepted and reciprocated his challenge. **"What do you mean?"** was my silent query straight into his eyes, as he shook hands with me. I wonder what impression people had of me that night. Did I appear wild-eyed? For I looked thru the eye into the heart of everyone as they shook hands. As fast as the silent query entered their eye, back came **the reply, giving me the TRUE answer.**

It was as if I was far away, still we were gripping hands. And while I saw thru the eye into their innermost heart, it seemed as if I was in a realm way above, looking down. And they being a ways off, I could see to perfection **who they were and what each MEANT** as they shook hands. Suddenly it struck me this was **secret information** for my benefit, never to be revealed by me to anyone not in the know. It was "off the record" for the reporter of the BROOM. It was **official**, to give the reporter a proper background to evaluate the meaning of this "Gahanbar" and the correct standing in LIFE, in evolution, in THIS world, now, of everyone who shook hands under pretext that **they were children of MAZDA, gathered to celebrate our victories** over the devils of war. Who, of those present, had kept their covenant with, and their fealty to MAZDA, to the Prince of Peace, and had not lifted even a finger to support the war in any way, shape or form!? regardless of cost to themselves and their financial interests?

And we shook hands, singing "Blessed be the tie that binds our hearts . . . ." and each one answered the challenge "what do you mean?" If they only realized that nothing is hidden. It went without any outward hitch till I came to the "colored" lady. There she stood, not looking up, expecting me to pass her by. But she kept singing "blessed be the **tie that binds our hearts . . .** " and so I took her hands and she, too, answered the challenge, giving her true status. Next to her was her husband and then the Jews. All were momentarily shocked. What they revealed remains an official secret. But 36 years of unabated searching for the reply was finally rewarded.

MOTHER GLORIA GASQUE

With the handshaking disposed of the meeting dispersed. Instead of being the downcast, heartbroken boy who could not find THE Gahanbar in an "Ersatz" Gahanbar, as in the years previously, here was the devil-may-care reporter looking at the crowd and comparing the event with the original design. So I walked over to Mother Frieda to interview her. Philip Ramus did the introducing but she shook her head: "You are the man who writes the Paper; don't you dare put me in it".

Of course, being a woman, she meant don't you dare leave me out, I want to see what you say about me.

"I feel like punching you," she continued, doubling her fist, "you wrote a nasty article about that nice lady", meaning my report of the encounter with the "colored" lady at David's birthday party.

I kidded her about the "Fledermice". Being quite deaf she did not catch on altogether, but laughed at the incident. She also wanted to know whether I was German as I spoke to her in her native tongue: "My Lord, no, mother. I am a double-crossed mongrel: Father Greek, Mother Polish, born in Roumania; raised in Austria and now an American citizen of California; see, a double-cross mongrel, no German in me." She did not know what to make of it, looking at me wonderingly, but there stood Mother Gloria Gasque, of London and Bombay, so I walked over to interview her.

She was engaged in conservation at the piano. I leaned on it and waited. After a while she caught my eye: "Who might you be?"—"Can't you guess?"

"No, I don't."—"I am that bad boy, Kosti."

"So that's who you are".—"You remind me of Dolly Chevrier of San Francisco, do you know her?"

"Dr. Chevrier? She is a doctor, is she not?"

"Yes, a drugless psysician and chiropractor. A pity she gave up Mazdaznan. You look very much like her, you are her type."

"What are you doing here tonight?"—"Just looking on. I always wanted to meet you."

"Well, what do you think now?"—but of course, she could get no secrets out of our discreet reporter. The "surprise package" holds official secrets for background purposes, "off the record". I don't give away confidential matters even to the individual concerned. It was enough to have told her that she looked remarkably like Dolly. Dolly is the **only woman I had met, who was always a lady,** of the whole "court" crowd of the Los Angles Temple camarilla. There had been another lady, Nellie Wheelwright, of Washington, D. C., but she died.

"No, mother Gloria, I don't think, I observe. Then I compare it with the original design and the difference becomes plain and self evident".

She looked at me and said nothing more. Her whole demeanor that night was as one who was in Los Angeles but was not there. She lives withdrawn in her own temple and looks out at these strange "Americans". They are strange creatures!

THE PRESENCE OF GOD'S REALM OF THOUGHT

As each and everyone awakens to the realization of the **PRESENCE** of the Master-Thought that permeates even this world, it becomes plain that the **fiction of Mazdaznan,** with its ceremonies and exercises as propounded by Dr. Hanish, was and is to direct your consciousness to the genuine PRESENCE. Once your mind, heart and eyes are opened, then you KNOW who YOU are and what YOUR "target" is here. Mother Frieda called the "aim" the "target" in her translation of German words into English.

Dear Mr. de Aryan:

You are very kind to return my dollar and to promise me the copies in which my pamphlets were printed and to put me on the subscription list.

You have no idea how many people write me that they saw your Broom copy of my pamphlet.

Out today is my pamphlet on prisoners. A copy is inclosed. I again hope that you will like at least parts of it.

And thank you again.

Sincerely, A. J. APP, 316 San Pedro Ave., San Antonio 1, Texas.

(Concluded from last week)

Although on November 1st, we not only were fully solvent, but knew that within less than 60 days, we would be better than 85 per cent out of debt, and have some millions of dollars worth of properties free and clear of encumbrance, it had become apparent during the month of October, 1945, that the State receivership which had been put in charge of our affairs by your employees would immediately so dissipate our resources that we might be unable to meet our obligations to creditors and also protect the rights of our membership to expect us to provide the necessary facilities for the promulgation of our teachings, as they had a full right to expect, after having dedicated all of their worldly possessions and an average of some twelve hours a day of ceaseless labors for nearly two years to acquiring the necessary facilities for promulgating and illustration of these teachings.

Ever since November 1st, the same employees of your Attorney General's office have been uncesaingly engaged in attempting to dissipate the resources of our Church by encouraging every possible expense that might be permissible under bankruptcy procedure, and every possible form of irritating harassment that might be brought to bear against us under bankruptcy procedures in the hope that our people would be so discouraged and exhausted that they would voluntarily leave our ranks and give up their ministry.

Although I have permitted but a few hundred out of over a quarter of a million citizens of this State to offer their assistance in establishing Christ's Church of The Golden Rule, nevertheless these quarter of a million or more persons consider the attack of your employees against our membership and the officers of this Church as an attack upon themselves, for their love of the Christian idealism for which we stand is just as great as our own. They have waited patiently for us to complete the probationary period of testing which would enable us to safely advise them to take such steps among themselves as they might wish, to set up their own churches dedicated to our concept of Christ Jesus' teachings or to affiliate with our Church if they so desired. Although we have up to this date, permitted them no part in the establishment of Christ's Church of The Golden Rule, for the reasons herein described, nevertheless, the destruction of the proofs, by your employees, which we would have largely completed by Christmas of last year, is not something which these quarter of a million people are going to take lightly or to ignore when it comes time to pass judgment upon the actions of our state officials and to decide upon whether or not they are worthy to represent "ALL" of the citizens of the State of California, rather than merely its atheistic, subversive elements whose hatred of Christ Jesus' teachings is rapidly leading not only the people of this State, but the peoples of the world into an anti-Christ, communistic-controlled economy through which God is being left out of His own world and man is supposed to worship the pigmy gods of greed and selfishness set up by some power-mad types of State control.

If you are not in sympathy with the desires of your employees to destroy the rights of religious freedom in the State of California and to permit the anti-Christ subversive influences within our State to completely dominate its affairs, then, in behalf of some hundreds of deeply religious, Christian men and women, who are the immediate associates of Christ's Church of the Golden Rule— and some hundreds of thousands of our friends—I suggest that the powers of your office be used to curb the malicious anti-Christ attack upon the members and officers of Christ's Church of The Golden Rule, and that you make it your personal business to investigate the statements herein contained and grant me an early hearing in order that I may be enabled to express an opinion regarding your personal attitude in this matter to those who desire that I do so.

I have given my word that this opinion will be expressed at an early date. I am in no position to form a fair judgment regarding you as an individual any more than you can form one regarding me without our first meeting together under such circustances as will enable us to spend sufficient time to get acquainted.

Half truths are dangerous elements in human relationships and sentences separated from the general context of an idea usually result in a gross misinterpretation of the idea. Therefore, I am witholding my opinion regarding the fact of whether or not I can be made to believe that you will adequately represent the religious elements in our population, as well as the varied other levels of thought within our State, until I have had the opportunity of meeting with you, and hearing from your own lips an explanation of the matters contained in this communication.

You are well acquainted with two of my attorneys and it should not be difficult—since my time is entirely at your disposal—to arrange an appointment wherever and whenever you may elect.

The opinions expressed by my attorneys regarding you have led me to believe that you cannot possibly be aware of the vicious, un-American and anti-Christ attack upon my Church, its membership, and officers, by the employees of your office; . . . .men who are sworn to uphold the Constitution not only of the State of California, but also the Constitution and Bill of Rights of our great country—which for the past year they have been completely ignoring.

Respectfully (?) ARTHUR L. BELL,
President and Trustee of Christ's Church of The Golden Rule.

Smuggled Immigration Into U. S., 2,000 Each Day

Estimate Is Official—N. Y. Jews Favor Loan to Socialist Britain, Which Jews Help Rule—Peewee Dewey Talks

NEW YORK, July 14,— The American "underground" in New York is alarmed at the number of illegal "immigrants" pouring into our country at a rate of exceeding 2,000 a day.

These are official estimates, given out last week from the Department of Justice and its F. B. I. in Washington.

The Department says they pour in across the unguarded boundary lines of Canada and Mexico, and from all our ocean shores; and they are among the meanest, and least desirable of all people. Close to ONE MILLION will be the 1946 total, according to best estimates.

Many come in with forged papers, for flashing on officials when and if caught.

ENGLAND AND THE JEWS

New York Jews were pleased to read an article in Friday's New York Times (7-12, ed. page) by a Jewish professor at Oxford University, Arthur Lehman Goodhart, showing how well Jews are treated in England, and cites this as a reason why N. Y. Jews should urge the British loan.

He says there are 30 Jewish members of the House of Lords and over 50 Jews in the House of Commons; also four members of the British cabinet—Shinwell, Minister for Mines; Silkin, Minister for Town and Country Planning; Strauss, Under-Secretary of War Transport; and Lord Nathan, Under-Secretary of State for War. Many Jews are high justices in the courts.

Despite England's impoverishment by war, she has admitted some 50,000 Jewish refugees since Hitler came to power.

PEEWEE DEWEY SPEAKS

Our "peewee" governor Dewey spoke Friday to a convention of the Kings County American Legion. He was off in his statistics: he said the legionaires constituted a "majority" of the American people. Actually our fighters in the two world wars numbered only about 10 per cent of the present population, and many of the first war's veterans have since died.

The "peewee" is so far off-color in his Americanism that he made the main theme of his speech an indirect defense of his infamous "FEPC" law, which is calculated to put "reds" in every factory in N. Y. State, and to break down the "color line", causing us to become a 'Negroid" people.

Dewey's speech drew only scant applause.

A CORRECTION

In The Broom's N. Y. letter last week regarding "Riker's Island," two typographical errors appeared as follows: In the following sentence the words now appearing in capital letters were omitted in the type, which made the meaning exactly opposite from the facts:

"There is no ferry CHARGE to the island nor bus FARE thereon," since all visitors travel as guests of the city, which owns the ferry and the island busses.

FBI Called at Printshop

By C. LEON de ARYAN

When I arrived on Friday afternoon at the printshop in East San Diego, returning from the "Bell trial" at Los Angeles, Roy O. Akers, the printer greeted me with "I didn't expect to see you so soon, I thought you were back on your way to Washington. Didn't Fred tell you? The FBI were here looking for you."

"What did they want?"

"They didn't say. Two of them walked in and asked whether Mr. de Aryan was in. I said no, but that his son Fred was. I called Fred to the front. They asked him where his father was. He said out of town. Then they asked for his father's phone number. Fred refused to give it and told them to copy the shop phone number, pointing to the phone, if they needed any. They acted mysterious, so Fred asked them who they were. One of them said his name was Johnson and they were FBI agents."

On Saturday morning I called up the San Diego FBI office and asked for "the boss".

"I am de Aryan."

"Thanks for calling, Mr. de Aryan. But we got the information we wanted from another source already. Anyway, I appreciate your calling me up."

There was a time when we collaborated with the FBI as **a crime investigating agency of the Department of Justice.** But times have changed. During the war the FBI demonstrated that the Jews have taken it over as their Gestapo trigger men agency, by which the Kikes do their dirty work of housebreaking, raiding, false arrest, personal manhandling, stealing, false imprisonment and persecuting of those who are opposed to turning over the USA to Sanhedrin dictatorship. Hence our instructions are:

"Be ye even as innocent as doves, don't trust the FBI, but watch the rattlesnakes and their poison fangs." Meaning it literarily, too, since once in prison they even throw the needle into you for "shots", and the doctor turns out to be a Kike.

The Land-Hogs Rule the U. S. A.

PARKING METER TEST WON BY CITY

The Fourth district court of appeals has given its approval of operation of parking meters in San Diego, denying a petition by C. Leon de Aryan, publisher of a weekly newspaper, who attacked the meters through court action more than three years ago.

de Aryan contended in his appeal from judgment of the superior court that profits from the meters netted the city of San Diego $43,000 in 1942-43, and $120,000 in 1943-44. He asserted the meter receipts were being put to uses other than those permitted by city ordinance and charged the parking meters were constructed unlawfully, so as not to register correctly. —San Diego Tribune-Sun.

BUROCRACY DESTROYS FREE GOVERNMENT

The above quotation from the report of a San Diego daily, which, by the way, dares not name THE BROOM and keep faith with its subscribers in giving correct and complete news, illustrates how low Americans have fallen in matters of **true government.**

Our editor filed suit to probe the working of burocracy and the response of the courts in defense of fundamental principles of good government. The result shows a complete fiasco, both for the city government, on behalf of the people of San Diego, and the courts on behalf of California. The city, truly, **did not win a thing except assurance that it can continue to rob the public for the profit of the land-hogs.**

Henceforth we shall not apply the term "landlord" in discussing taxation and economic rent, because popularly a landlord is called a person who owns a building. You can see how cleverly the language has been perverted to recruit enterprising business people in defense of their own exploiters, the land-hogs, by calling the builders and managers of buildings, landlords,

while in truth the person owning a building need not own the land beneath it, and thus the land-hog goes scott-free of the odium inherent in exploitation while the burden is shifted in the minds of the public to the building owner, who is enterprising enough to produce values and rent them out for use. In contrast to it, the land-hog did not produce the land he **"owns"** nor the land-value which he capitalizes when he sells "his land" to the sucker or exploiter of other suckers, as the case may be, or leases it out tax-free for a term of years that a businessman may build upon it and pay the taxes for the hog, who collects RENT, tax-free, **without doing a lick of work.**

Whenever any tax is levied upon industry, consumers, personal property, improvements, buildings **and not solely upon land-values,** this tax is a penalty upon enterprise and the free capitalistic system that made America prosperous even in the limited form it was permitted to operate. Had all tax been levied solely upon land-values and none upon industry of any kind, America would literally be populated by millionaires, every child born to an inheritance of millions and poverty would be unknown.

NOT INTERESTED IN POPULARITY

Our paper is not issued for people who desire to be entertained, but only for people who are determined to discover the truth about everything that concerns them in life **and who begin applying their discoveries to IMPROVE present-day conditions NOW.** We figure that such people read enough in the daily press about local and world-wide occurences, to the extent that the Sanhedrin-subsidized and controlled daily sheets will allow them to know about it. Upon this background we, then, proceed to analyze the situation, present important matters which the bought press fails to reveal truthfully, and refer again and again and again to **the fundamental principles of LIFE** to call attention that no welfare is possible where the administration of government and the conduct of personal life **ignores or contravenes** the fundamental truths of LIFE itself. Only fools will attempt to close their eyes and claim that in so doing the laws of life can be manipulated to produce figs from thistles.

This paper is deliberately edited that those who are not seriously interested to know the truth and are not determined to put it into daily practice shall drop out of our circle of readers. We have to work hard and besides meet a financial deficit, thus we do not intend to donate our services for the entertainment of morons and imbeciles. It is a test of high purpose and intelligence to continue to find interest in studying THE BROOM from week to week.

We frankly state that our aim is to present the truth in **all departments of LIFE,** be it economic political, religious, personal, health and science. Where one is unable to find the harmonious factors and the **MASTER-THOUGHT of the** divine Creators, all efforts lead to destruction **as is so plainly** evidenced in the present war-status of the world. Everything is being harnessed to murder, exploit and enthrone the criminal Jewish-Tory-Communistic SANHEDRIN as the A-Bomb control authority to rule and exploit every living being on the planet. Hence, we are engaged in **war to the end** against these minions of hell itself, and we are tracing their octopus power that reaches out and controls our governments, even the municipality of San Diego and the courts of California, by well-devised control of our schools, churches, banking and governmental institutions with almost water-tight management of the press and radio.

In this light you will understand better why we give so much space to men of the caliber of Arthur Bell, Wm. D. Pelley, activities of Conscientious Objectors to War, the Mazdaznan movement and others who are **unorthodox and queer.** From these "outcasts" only can we expect a true American government to rise upon the ashes of present-day murder-civilization, after Russia will have devastated this continent with a barrage of A-Bombs and disorganized our institutions by boring from within, placing Jewish NewDealers and Commies in key-positions in industry, labor rackets and government to facilitate destruction of what true Americans cherish of liberty and faith.

On June 28 a National Rally was addressed in St. Louis by Gerald L. K. Smith and the world-famous Christian Nationalists, Norman Jaques, Member of the Canadian Parliament. Kenneth Goff, National Director of Christian Youth for America, was serving on the reception committee at the door. The head of the Communist Party for the City of St. Louis whose name is John Rossen struck Mr. Goff. The Red was immediately seized by the police and arrested. Twenty other Communist, mostly Jews, were arrested the same night.

The Craters On the Moon

Dear Dad:

Although the craters on the moon may be due entirely to atomic warfare, it is very possible that many craters can be accounted for as a result of meteorite bombardment, and possibly all accounted for in this manner.

The moon has no atmosphere, no weather, and the gravitational attraction at the moon surface is only one sixth that of the earth at earth surface. There are meteorites flying about constantly which strike the earth, moon, and all heavenly bodies. When a meteorite heads for the earth, it first encounters the atmosphere which slows down the speed and energy of the flying particle with a consequent decrease in mass of the particle; so if the meteor is not burned completely before it hits the earth's surface, it leaves a crater where it strikes. Then as a result of rain, erosion, vegetational variation, and all the volcanic and glacial cataclysms, only a minute trace of all the craters that have at one time been formed, remain.

Now consider the moon. There is no atmosphere to slow down the meteorites; they are never consumed as heat above the moon's surface. When a crater is made, it remains, and all craters formed since the time the moon lost its atmosphere, if it originally had one, have remained. This might easily be millions of years.

Another angle is that if the moon had no atmosphere while the moon was cooling a long time ago, when the surface was softer, a given meteorite would have made a much larger crater: drop a rock in soft clay, and one on hard concrete. In this event, there would have been first a period when the soft surface resumed its shape after an impact; later it would show less tendency to resume shape; and now the craters made in its softer shape would have hardened, and there is now less tendency to form as large craters as previously because of the hardness of the moon's surface.

—FRED

Editor's Note—There is no question but that Fred is correct in his description of the results meteorites produce on a planet that lost the atmosphere cushion. That leaves the explanation of how the planet lost that cushion entirely out of the picture. In the "eternities" which follow each other during the life of a planet, after it has served its original purpose and the need arises for "hellish people" to work out their devilish experiences, then such "Bikini" testing grounds are set apart. The moon during that stage was inhabited by beings exactly as devilish as those who live in the White House today and are controlled by Baruch, Morgenthau and Rosenman. And so they tested out their atomic "power", succeeded to perfection, denuded the Moon of its protective atmosphere cushion and thereafter the meteorites added to the visible ruins. As the people on earth depart from the divine LOVE that guides us towards progress, naturally we progress towards hell. That's why Truman, FDR, Baruch and such are allowed to take the reigns of administration into their hands. What we sow we reap when we worship Mammon, the Almighty Dollar, in place of God.

Congresswoman Emily Taft Douglas, of Illinois, is cooperating with the B'nai B'rith and the Anti-Defamation League in an attempt to work out some sort of legislation to make it a crime to criticize Jews. All bills that have been presented thus far have been obviously un-Constitutional. Congresswoman Douglas on June 24 inserted in the **Congressional Record** on page A-3876 an article by Ely Louis Cooper who attempts to prove in this article that anti-Semitism can be outlawed by a Constitutional act. Louis Cooper prepared the article at the request of the Anti-Defamation League headquarters in Washington, D. C. Before being inserted in the **Congressional Record** Cooper's article appeared in the National **Jewish Monthly.**

The Crime of Deportation

To the Editor of The Broom:

Don't you think you give out too little light **in your answers of "Crime of Deportation"?** I am German, Prussian and also do not eat **meat since I was born. Why? Because of love!** I cannot think of eating beautiful, lovable beings. Since other people can do it, I presume they don't know what love is; shall I condemn them for that? No, I only pity them; how poor **they are not to know the most beautiful.**

Now to your statement about Gestapo Himmler **and those other brutal,** murderous breed. Well Sir, I also was arrested by the Gestapo and very well treated, not because I bended **this or that way, no, he was a gentleman.** In my youth I belonged to the Socialist Youth Movement.

Now lets go to this brutal, murderous breed. Yes, we had and still have this kind and not **only** in Germany. Drunken fathers beat and rape their wives and frighten their children, **which makes for a good start in life.** But I think, dear Editor, you know plenty cases yourself and so do others. When I was held up in Chicago by a man who wanted my body there **was nobody to protect me but** what we call our Father in heaven.

The same now with my people in Germany, from whom I do not hear. We have aeroplanes, airmail, fast-going ships, but dear Editor, they **are not there for me, I can only sit and read** that they are starving and the women are being raped. Well, I lost my appetite too, managed to live on one meal a day.

Now if I would put the blame on the Gestapo and Himmler I am not quite satisfied. Because I shall ask, why did we humans not learn and practice what Jesus taught two thousand years ago? You see, we would have been so good by now that one or two, yes even one Nation like Germany, could not throw us in such complete insanity as we are living in now.

People with means and talents make this world only a beautiful place to live in for themselves, but would not think of helping their poorer brothers. So it is a very merry grabbing and stepping on top of each other, for we human beings have all sorts of wishes and desires and must satisfy them, regardless of cost. I go well fed and clad and my brother is hungry and shivers. What of it, if I cannot stand his sight I go where I only find my own. Yes, to be like Jesus requires more than hymn-singing and praying, it needs a real wholesome, clean, human being and do you know where these sort of creatures are, dear Editor?

Well, I would like to have this printed in your paper.

Sincerely, Miss CHARLOTTE BRANDT
223 E. 85th Street, New York 28, N. Y.

Editor's Note—Miss Brandt is asking us to give a detailed outline of why brutality prevails today, and ruins all good things everywhere in the world, even though we have the teachings of Jesus and His example.

The answer is plain: Because people PREFER brutality to nobility, **not having allowed themselves** to taste from the Fountain of Love. They have free choice in what to love. They can love beastly things or divine nobility, which means ARYAN nobility in practice.

Miss Brandt asks whether she should condemn other people who don't know what love is. That is not necessary, they have condemned themselves to the results of their bloody-murder-type of "living", with all its consequences. Not even the Almighty can interfer since they are free to chose. Not knowing the difference between love and beastliness, they now may learn from the painful results. Free will is so fundamental that not even the divine Elohim would dare "influence" anyone in their choice. **WILL is the root of all existence. You** make what you actually will. Therefore watch yourself!

Randolph Churchill, son of Winston, said on Wednesday, June 26, in a feature article written in Paris, France: "A great many leading American and British Jews have always opposed the establishment of a Jewish state in Palestine. They have felt that if such a state existed, anti-Semitic forces in the United States might urge the desirability of American Jews settling there too. Ardent Zionists may deny this, but they know it to be the truth."

"Understanding Jews"

Dear Mr. de Aryan:

You posed a big question when you asked, "Where Are The Pure Aryans"? Man will be trying to solve that one until God Almighty gets tired of the nonsense he makes out of life, and closes the show down.

Why not ask "Where Are The Jews"? for more people in the world are asking themselves that one than any other. To that one brother I'd say they're everywhere and mixed up in everything and everybody's business the world over. They are the "Chosen Race", who have been doing most of the thinking, for most of the people, most of the time, for most too long, and we are at the crossroads where it will be decided by bloodshed and plenty of it, whether or not the non-Jewish world is to continue down the primrose path to hell, by letting Jewish minds direct the world's destiny, or wake up and start thinking for it's self.

In the first place the word Jew as generally accepted today implies more than just a race. It implies certain psychological characteristics, and is to be found well rooted in the makeups of **Gentiles** who try to emulate the Jew, by the worship of gold and the power that it brings.

These "Jew-Gentiles" are the worst enemies the Jew has, because it is by no means love for them which causes this "Gentile-parasite" to play up to them and get into their good grace.

Hitler was the perfect example of this particular type when he was attracted to Fritz Thyssen, the big moneyed Jew of Germany who financed his conquest to begin with, only to be turned upon by Hitler, the Jew emulator, when his purpose had been served.

The Jew is the most interesting subject in the world today, because events affecting the world's destiny revolve around this **enigma.**

Being the most interesting it is also the most dangerous, for it is hated and feared by so many, that emotionalism dominates their thinking upon the subject, while reason and logic take flight.

Some would try to hide their fear of Jews by rationalizing **"tolerance for all things"** in the name of some religion which gives **aid and comfort to moral cowardice.** Others would wipe them off the face of the earth just as Hitler advocated. **Both are wrong.** Fearing them will never enable us to understand them. And to brutally destroy them, we would only destroy ourselves. Understanding is a very big word.

—JAMES BRYAN.

FREE PRESS AMENDMENT

WASHINGTON, D. C.—Republicans, including California Representative Carl Hinshaw, 20th District, recently suceeded in a House move to insure uncensored American press reports from countries receiving American relief.

The amendment, introduced by Everett Dirksen, Illinois Republican, denies relief to those countries which refuse to permit American newsmen to report on the distribution of supplies.

Proponents of the move pointed out that with 44 countries participating in UNRRA, United States furnished 72 per cent of all supplies and that once these shipments have reached the country of consumption, UNRRA "has nothing whatsoever to do with the distribution."

Debaters also called attention to rumors which charge that Communists deny food to hungry people who oppose communism. In face of such facts, refusal to insist on permission for newsmen to report without censorship is "profligate use of taxpayers' funds" and contrary to "common sense", Rep. spokesmen declared.

Administration opposition to the free-press amendment was strongly censured by one Republican who pointed up to Soviet newsmen in the Congressional Press Gallery and declared, ". . . . there ought to be reciprocity about this press freedom."

California Democrats who unsucessfully opposed the amendment, included Franck R. Havenner, 4th District; Geoorge E. Outland, 11th; Jerry Voorhis, 12th; Ned Healy, 13th; Helen G. Douglas, 14th; Ellis E. Patterson, 16th; Clyde Doyle, 18th; and Harry Sheppard, 21st. Not voting on the amendment were George P. Miller, 6th; John H. Tolan, 7th; and Ed. V. Izac, 23rd.
